

MENOMINEE SOUTH NEIGHBORHOOD

Menominee South is a walkable, socially and economically diverse neighborhood where the quality of life is rich for all ages. All people are welcomed and valued, and are encouraged to engage in open and effective communication and to participate in community activities. The neighborhood treasures its ample public spaces, unique historical buildings, and abundant natural resources, and is committed to creating and sustaining a healthy and safe environment for all.

Mission

The Menominee South Neighborhood Association brings neighborhood residents together to get to know one another, create community and build upon existing assets, develop a collective voice to represent the

desires of its membership, and collaborate with neighbors and other Oshkosh stakeholders to address issues and opportunities related to local quality of life.

History

After the first gathering of 40+ residents in October 2013, the Menominee South Neighborhood Association mission and boundaries were established. By Fall 2014, Menominee South Neighborhood Association was officially recognized by the City of Oshkosh.
