Community Gardens

Spring has sprung and Oshkosh Healthy Neighborhoods has been working with the Oshkosh North Communities Group, the Oshkosh School District and Growing Oshkosh to work towards replenishing many of the school community gardens. Many of these gardens are located in recognized neighborhood associations in Oshkosh. The partnership is focused on how to better collaborate with the schools and the neighborhoods to keep these beds maintained throughout the year.

The major benefits of a community garden include fresh produce, community connectedness, and elevated pride in ones neighborhoods but there are some downsides to such a great project. These beds need to be taken care of during the summer months. They can then continue to teach children about the benefits of healthy eating and having a sense of pride from what they grow.

Oshkosh Healthy Neighborhoods is working on putting together a easy guide to maintaining and caring for a community garden. Stay tuned to learn how to manage one! If you are interested in getting involved with this wonderful project reach out to cora@gohni.org to learn how you can help!

Rock the Block Oshkosh

Rock the Block Oshkosh was a huge success in the Midtown Neighborhood Association. The program completed 147 projects throughout the neighborhood. We want to thank all the volunteers who participated in our fourth annual event! Amcor, Oshkosh Defense, Verve, a Credit Union, 4imprint and the Oshkosh Rotary Southwest were fantastic partners in this project, from supplying volunteers to the events lunches. We are looking forward to Rock the Block Oshkosh in 2023. Tune into Neighborhood Night at the Leach, July 17 where we will announce the winner!
